The screenshot shows the 'Integration setup' page in the Free2Convey application. The 'Type' is set to 'Lawyer checker'. The 'Username' and 'Password' fields are empty. A callout box in the center reads: 'You must now enter your Lawyer Checker username and password.' The 'Save' button is visible at the bottom of the form.

The screenshot shows the 'Integration setup' page with the 'Username' field containing 'username123' and the 'Password' field containing 'password123'. The 'Save' button is circled in red. A callout box reads: 'Click 'Save' when complete. You will then be able to activate or deactivate the Lawyer Checker search from the 'Users' area, as described in the 'How Do I Manage My Firm's Users' video.'
